Memories will hold as the future unfolds.

FOREWORD

We of the graduating class of Chartiers-Houston High School take great pride in presenting to you, our teachers, classmates, and friends the *Charconge* for 1964.

In a few short weeks we will no longer be part of Chartiers. But Chartiers will always be a part of us, as we take memories with us that we have accumulated in our short stay.

It is our hope that in the years ahead, as you turn the pages of this book, you will recapture some of these memories, and remember the Class of 1964.

BUCCANEER

The Buccaneer, our school newspaper, is anxiously awaited by the entire student body each month.

Each issue requires a lot of cooperative work by each member of the staff, which is comprised of interested students from the Senior, Junior, Sophomore, and Freshmen classes.

Assignments and deadline dates for the reporters are the editor's first job; dummies and mats require the typists help; before the art staff can take over, each page has to be proofread; now, on to production and, with the help of the rest of the staff, it is assembled and put on sale.

FUTURE NURSES OF AMERICA

The Future Nurses Club of America is an organization made up of Senior High girls who are interested in furthering their career in nursing or some medical field.

The club tries to plan activities in which every club member can participate. Field trips to near-by hospitals are planned to give each member some idea of what the requirements are in a career in nursing.

One of the field trips this year was to Allegheny General Hospital in Pittsburgh, Pennsylvania, where the girls toured the hospital and received added information on nursing as a career. The club donated stuffed monkeys made by the club members, to the children there.

Any Senior High girl maintaining a high "C" average may join the club, and she must meet the scholastic requirements necessary to enter a school of nursing.

FUTURE TEACHERS OF AMERICA

RALPH D. BLUEBAUGH FUTURE TEACHERS OF AMERICA CLUB

Should You Be a Teacher?

All of us teach in one way or another, and in such activity we find unusual and almost mysterious satisfaction. The mother and father in daily contacts with their children are teaching constantly: teaching the baby to walk, teaching the young fry to swim, to fish, to read, to sing; teaching habits of living and thinking, sometimes by precept and sometimes by example. Children teach one another at their play, concert artists are drawn to teach young people with talent, physicians teach medical students, ministers engage in an important form of teaching. A good teacher has to have a sincere desire to teach and to help others.

Because teaching is such a vital force in the future of America, the Future Teachers of America club likes to encourage able students to think of teaching school as their life's work. Teachers are needed in all fields of service. Are you interested in teaching?

The Junior Classical League is the National club for Latin students. It was organized in our school in 1962-63. The purpose of the J.C.L. club is to promote more thorough knowledge of Roman life and literature, to impart a better understanding of the practical, and to impart an interest to other students in the classical languages.

Each year the Latin students attend the Latin festival held at Buhl Planetarium. Each year the Roman Banquet is held in our cafeteria and the students relive ancient times by dressing in Latin costume.

An unknown host has invited ten unsuspecting people to his home on this island for a summer holiday. What they don't know is that they have been invited there to be murdered by a homicidal lunatic. The suspense, however is broken up many times by the added element of comedy.

JUNIOR PLAY

The Junior Play was a dramatic comedy entitled "Old Doc." Old Doc is the heart-warming story of an elderly country doctor and his young son Bob who has just gotten his Medical Doctor's degree. Bob is determined to start a practice in Boston but his father wants him to take up his strenuous practice. Bob finally becomes convinced that he isn't meant for the city after his father's death and marries a nurse from his hometown and continues his father's practice.

Sr. Tri-Hi-Y is a very active organization. A few of the projects for this year includes an impressive candlelight induction, observance of State Tri-Hi-Y Week, co-sponsorship of the Kiwanis Teen Queen Contest, and May Day. Also this year, our Sr. Tri-Hi-Y with its brother club, the Hi-Y sponsored a rally for clubs from many schools in this district.

The Senior Tri-Hi-Y Club is a very worth-while organization which promotes fun, fellowship, and higher standards of character.

The other clubs of the school elect one representative each. The officers were elected by the entire student body, the previous school year.

This year the members sold Buccaneer's Pennants and Student Directories to raise money to send the officers to conferences and training camp. They have taken charge of introducing the school assemblies not sponsored by a particular club, the Christmas Assembly, and the outside monitors during the lunch periods.
